Date / Place / Time	Activities / Results / Points of importance
<p>WELCOME & INITIAL DAY</p> <p>Wednesday 03rd May 2023</p> <p>9:00 – 19:00</p>	<p>Breakfast at the hotel and Heinz and Elina from the German delegation gave us a tour through Bad Kreuznach. A cosy little town with a beautiful landscape around and a lot of historic buildings. A nice place to live and be.</p> <p>Before lunch, we arrived at school and unboxing directly started. We had to check if everything had arrived undamaged and so we got ourselves organized in the well-prepared room in the first floor.</p> <p>For lunch, we went to a place close to the station which we had known before and had an Asian buffet. Eat as much as you can. Perfect for us!</p> <p>After lunch we again returned to school, Heinz and Martin gave us an overview over the coming days and we went on fixing the train, the electronics and the software to make the applications and the train run.</p> <p>To be honest all that took a little bit more and longer than expected and so we finally left school at about 7:30. Some of us even took some work back to the hotel in order to fix things in the evening.</p> <p>For dinner, we went out for a pizza, a snack, a burger or some pita and a salad after a long but successful and enjoyable first day in Bad Kreuznach!</p>
