Date / Place / Time	Activities / Results / Points of importance
School Room 11 – PUBLIC RELATIONS	Web page, pages in each school, articles in local newspapers, school pages. Trying to be public and seen.
School Room 112 – DATA SECURITY	Trying to have a more professional and not expensive server.
School Room 27 – TEACHING MATERIAL	Working together with webpage group. Articles should be written about all technical decisions and specific details.
School Room B06 – SUPERVISORS	Some changes should be done in the project structure. Proposal for tomorrow.
13:00 Bus tour to Rimac Factory	Rimac Automobili is a Croatian car manufacturer headquartered in Sveta Nedelja, Croatia, that develops and produces electric sports cars, drivetrains and battery systems. The company was founded in 2009 by Mate Rimac. Rimac Automobili's first model, the Concept One, was the world's fastest production electric vehicle ¹ While manufacturing and marketing high-performance vehicles under its own brand, Rimac also develops and produces battery packs, drivetrain systems, and vehicles for other companies. The Applus+ IDIADA Volar-E is an example of a product developed for another company. During the 88th Geneva International Motor Show in March 2018, the company unveiled its second model, the Rimac Nevera.
15:30 “Grgosova špilja” Cave	Otruševac, a small village near Samobor, is proud to be the site of Grgos cave, one of the most beautiful caves of the Croatian northwest. Grgos cave, a geomorphological natural monument, is located at the easternmost part of the Samobor hills, more precisely, at the point where the hill steeply descends toward the Sava valley. The cave was first discovered in late 1973. During one of his drilling and blasting operations to obtain the stone he used for lime production, Josip Grgos unexpectedly spotted a cave. In 1974 this cave was proclaimed as a protected area in the category of geomorphological natural monument. Forty years later, an entrance to another cave was revealed during construction work being done to expand the visitor admission area. This cave became known as the New Grgos cave.
17:00 – Dinner at Restaurant “Grgosova špilja” in Otruševac	Near the small town of Samobor just outside of Zagreb there is a delightful restaurant that has its own orchard, vineyard, forest and farm animals. The dinner was delicious.
19:30 back to Zagreb.
