<b>Date / Place / Time</b>	<b>Activities / Results / Points of importance</b>
<p><b>INITIAL DAY</b>  <b>Thursday</b>  <b>17<sup>th</sup> February 2022</b></p>	<p>In the morning, we came to the school and were placed into the auditorium. Heinz and Martin welcomed us and told us about the project and refreshed our memory on how the meetings are held.</p> <p>The original agenda called for us to walk back to the city to meet the mayor but instead he came to us. He gave us a presentation about the city and told us why the Erasmus projects are important to him.</p> <p>We also met the president of the union of the local businesses which are very important to Ivrea because it is an industrial town.</p> <p>We had lunch in the school cafeteria. It gave us needed time to rest and socialise.</p> <p>We got straight to work in the afternoon. We held a “recap” for the work-line A. after the presentations, we went on a short coffee break. When we were refreshed, we headed straight to work on the work-line B “recap”.</p> <p>After the hard working was finished, we had a school tour where they showed us all the classrooms and laboratories. After that we all went back to our hotels and were free for the evening.</p>
