<p>HARD WORKING & CITY TOUR DAY Monday 16th January 2023</p> <p>10:00 Good Morning Flashlight</p> <p>Workline A & B – Working on Details</p> <p>Guided City Tour</p>	<p>Our third day of work started, as usually, after breakfast and after had taken the bus to Kauno Technikos profesinio mokymo centras.</p> <p>As we arrived at the plenum, the deputy principal of the school did a presentation of the school, to introduce us to the guided school tour that would take place tomorrow afternoon. The presentation was really nice and the school seemed fantastic.</p> <p>As soon as the presentation was finished it was time to work. We, in fact, decided to do a 3-hour work session for the Workline A & B at the same time. Those delegations who needed time to finish up the wagon had the chance to work on them, and those who had already finished in Workline A had time to work on the documentation.</p> <p>After the work everyone had to explain the work done in the plenum, but by delegation. After the presentations were done it was time for lunch, and then we had to go back to the hotel for the guided city tour.</p> <p>In the afternoon we had the opportunity to do a guided city tour of the old mediaeval part of Kaunas, we saw churches, independence symbols like “Freedom avenue”, the old castle, that is the first building in Kaunas from the 14th century. After the tour our day ended with individual dinner and some well-deserved sleep.</p>
