<p><b>Hard Working Day</b>  <b>Wednesday</b>  <b>18<sup>th</sup> January 2023</b></p> <p>10:00</p>	<p>After a good breakfast on Hotel Santakos we took the No. 37 bus to the host school, Kauno Technikos Profesinio Mokymo Centras.</p> <p>We were welcomed by the coordinators Heinz and Martin. The students were asked for their opinion on how the day's work should proceed and they were of the opinion that both Worklines should continue the tasks from the previous day.</p> <p>Workline A, the wagons, are at various stages of development and the more advanced countries are now helping the other countries to proceed with the technical and electronic work.</p>  <p>Workline B continued with the web content, project book and photo &amp; video content. The Italian group made a video of the wagon connections and their interaction with the project website.</p>

12:00	<p>The German delegation then gave a presentation of their wagon interconnections and web interface.</p> 
13:00	<p>Lunch was served at 1pm after which the delegations presented the mornings work to the entire group. Four out of the six groups have their wagons connected to the server at this stage with the other two experiencing minor issues in order to complete their connections.</p> <p>The Italian team being the experts in the Webcam configuration reported significant progress in that work. They were able to show that the camera can be oriented to the 10 showcase positions and the images can be displayed over the internet.</p>
14:30	<p>The groups returned to their technical and documentation work to consolidate their morning efforts.</p>
17:00	<p>Students and teachers returned to the auditorium for the Evening Flashlight after which we all returned to the hotel.</p>
